Rules for Teachers

Adopted by the state legislature in 1872

1. Teachers each day will fill lamps, trim the wicks, and clean chimneys.
2. Each morning teacher will bring a bucket of water and a scuttle of coal for the day's lesson.
3. Make your pens carefully. You may whittle nibs to the individual taste of the pupils.
4. Men teachers may take one evening each week for courting purposes, or two evenings a week if they attend church regularly.
5. After ten hours in school, the teachers may spend the remaining time reading the Bible or any other good book.
6. Women teachers who marry or engage in unseemly conduct will be dismissed.
7. Every teacher should lay aside from each pay a goodly sum of his earnings for his benefit during his declining years so he will not become a burden on society.
8. Any teacher who smokes, uses liquor in any form, frequents pool or public halls, or gets shaved in a barber shop will give good cause to suspect his worth, intention, integrity, and honesty.
9. The teacher who performs his labor faithfully and without fault for five years will be given an increase of twenty-five cents per week for his pay, providing the Board of Education approves.
